Roving

- \$30 per pound based on incoming weight
- Includes skirting, scouring, drying, and picking.
- Because fleece preparations are done by hand, waste wool will be discarded.
- As a point of reference, an adult Valais fleece weighs approximately 6 pounds, and a young lamb fleece averages around 2 pounds.

*Additional charges

Fleeces containing excessive mud and/or veg matter will be charged an additional \$5/lb

Fleeces embedded with hazardous matter such as burrs, thorns, etc may be rejected.

These additional charges are at the mill operator's discretion and will be discussed with the client before production begins.
